Ribbon standard SM Pigtails, total of 432 F

CORNING

A Centrix™ Platform 4U housing holds 12 cassettes. Housings can be ordered with cassettes for on-frame splicing. At the foundation of the Centrix platform is a single, modular cassette that can be tailored to include a variety of optical devices (splitter, WDM, etc). The modular cassette provides flexibility and functionality within a single frame without sacrificing density. Each cassette contains up to either 24 SC or 36 LC connector adapters. Easy port access is possible due to a sliding cassette with drop-down handle.
